

On a separate sheet of 8 1/2 “ x 11” paper, you are to create a **thematically** inspired poster incorporating **symbolic elements** for your group’s commedia dell arte performance. **Your poster must clearly showcase the title of your performance.**

(This may be done by hand or with the aid of a computer, but **it must be your work and fully colored!** Black and white will not be accepted as an artistic choice.)

Cutting and pasting copyrighted images with no discernible intention of design will not be accepted.

A theme is a message or commentary about a concept or an idea. Example: Love as an idea is presumed to be a good thing where hatred is presumed to be a bad thing. However, the themes of **Their love for each other kept them in a destructive relationship** and **The hatred of ignorance towards people who judge others based on the color of their skin** demonstrate the opposite perception of the concepts of love and hate.

This is not a collaborative project.

Clearly state and identify a minimum of two themes that you will creatively express in your poster design.

Theme 1:

Theme 2:

Your final design must explain and justify your design in a minimum of 10 sentences and a maximum of 12 sentences. What does your poster showcase about the show, its themes, story, and characters to the potential audience?

Tie your poster design to one of the LP traits and explain your reason for the choice in no more than 7 sentences.
